You are a tester." The entire content area is enclosed in a green rectangular border.

You'll receive an update to the Bowers & Wilkins Experience app if you already have it installed on your device.

If you don't have the Bowers & Wilkins Experience app installed, [download it on Google Play](#).

**Note:** It can take a while for you to receive the update.

Certain data on your use of the app will be collected and shared with the developer to help improve the app.

You can leave the testing program at any time. You can switch to the public version of the app if that's available.

To switch to the public version:

1. Uninstall the testing version.
2. [Install the public version on Google Play](#).

**Note:** It can take up to a few hours before you can download the app's public version.

LEAVE THE PROGRAM

Some users might experience that no extra approval is required from their side and would automatically come to the approved tester page – then no extra steps are required, and you are ready to install the application in any Volvo iCup vehicles.

- For some users Google would require an extra opt-in to get the TESTER status for some privacy reasons – in this case the below screen would appear, so **please click on the ,BECOME A TESTER' button to get access to the app**
